

## Field Notes: 7dU Emergence

Appx.	Title	Tagline
1	On Absolute Absence	The paradox that collapses itself.
2	On Absolutely Everything	Total inclusion guarantees instability.
3	On Chance ( $\xi$ )	Emergence begins at the first ripple.
4	On Zero ( $\mathbb{I}$ )	Defined absence. The first form.
5	On Infinity ( $\mathbb{I}\%$ )	The shape of contradiction uncontained.
6	On Pi	The curvature of quantum emergence.
7	On Time	An artifact of separation, not a dimension.
8	On Spatial Dimensions	Constraint scaffolds the emergence of space.
9	On Absolutely Something	$\emptyset \pm \infty \Rightarrow \exists$

## Proofs & Derivations

Appx.	Appx.	Appx.
10	On Force	All forces as geometric curvature resolution.
11	GR Reduction	7dU reduces cleanly to General Relativity under dimensional collapse.

## Pointer Appendices
